

Solar Heat Europe – Members’ Area

Solar Heat Europe Members Area includes the following subsections:

- News for members
- General Assembly
- Board Meetings
- Market Monitoring
- Policy & regulatory issues
- Standardisation & Certification
- Internal Events (Webinars, Workshops)
- Business Opportunities for Members

News for members: all the news edited by Solar Heat Europe Secretariat in Brussels, on major events, policy developments, projects, regulatory issues such as standardisation and energy labelling, market information and so on, collected and distributed monthly via our newsletter Solar Heat News. Also including a section on the latest news on our Members.

General Assembly: Minutes, documents and presentations from the past and future General Assemblies.

Board Meetings: Minutes and documents from the past meetings of the Board of Directors.

Market Monitoring: our latest market data and statistics publications, an online interactive statistics tool on solar heat markets, country information section on market trends, as well as support schemes, detailed analysis of country's National Renewable Action Plans.

Policy & regulatory issues: latest intel and documents on current legislative procedures, Solar Heat Europe press releases and joint actions, relevant studies on solar thermal, renewable heat and the heating & cooling sector in general, documents on specific topics (electrification).

Standardisation & Certification: documents, minutes and updates on issues ranging from standardisation to the energy labelling framework, as well as resources related to the Solar Keymark Network.

Internal Events: recordings and documents from past Solar Heat Europe events.

Business Opportunities: a dashboard of business opportunities, from public procurement to EU calls for projects, compiled by the Solar Heat Europe Secretariat, or submitted by members or relevant external stakeholders.

Welcome to the Members' Area of the Solar Heat Europe website.

This area is being developed. Within the coming weeks, until September, we will have an update of the different sections and some novelties.

It shall include the following sections:

- > [News for members](#)
- > [General Assembly](#)
- > [Board Meetings](#)
- > [Market Monitoring](#)
- > [Policy & regulatory issues](#)
- > [Standardisation & Certification](#)
- > [Internal Events \(Webinars, Workshops\)](#)
