

Accommodation – hotels in Stockholm

26th Solar Keymark meeting in auditorium at RISE, address: Drottning Kristinas väg 61.
Please note RISE is situated at many addresses on the street Drottning Kristinas väg.

As RISE at Drottning Kristinas väg 61 is quite centrally located, just three subway stops north of the central station, any reasonably centrally located Stockholm hotel is fine. Below are suggestions of some hotels from which it is easy to reach meeting place. As indicated, at several hotels visitors to RISE can benefit from a discount via agreements between the hotels and RISE (former SP, Sveriges Tekniska Forskningsinstitut).

Elite Hotel Arcadia (nearest hotel to the meeting place)

Easy walk from hotel to the meeting place at RISE (ca. 1,3 km, 10 minutes).

Subway station: "Tekniska Högskolan", the same as the meeting place at RISE, but use exit Körsbärsvägen instead of exit Tekniska Högskolan which is to prefer if you are heading straight to the meeting place. Arcadia is only a 10 min walk from meeting place at RISE. It is good value for money if you do not mind that there is no restaurant at the hotel (only breakfast room) and that it is 2 subway stations from the very city center.
