

Sli.do Voting Tool

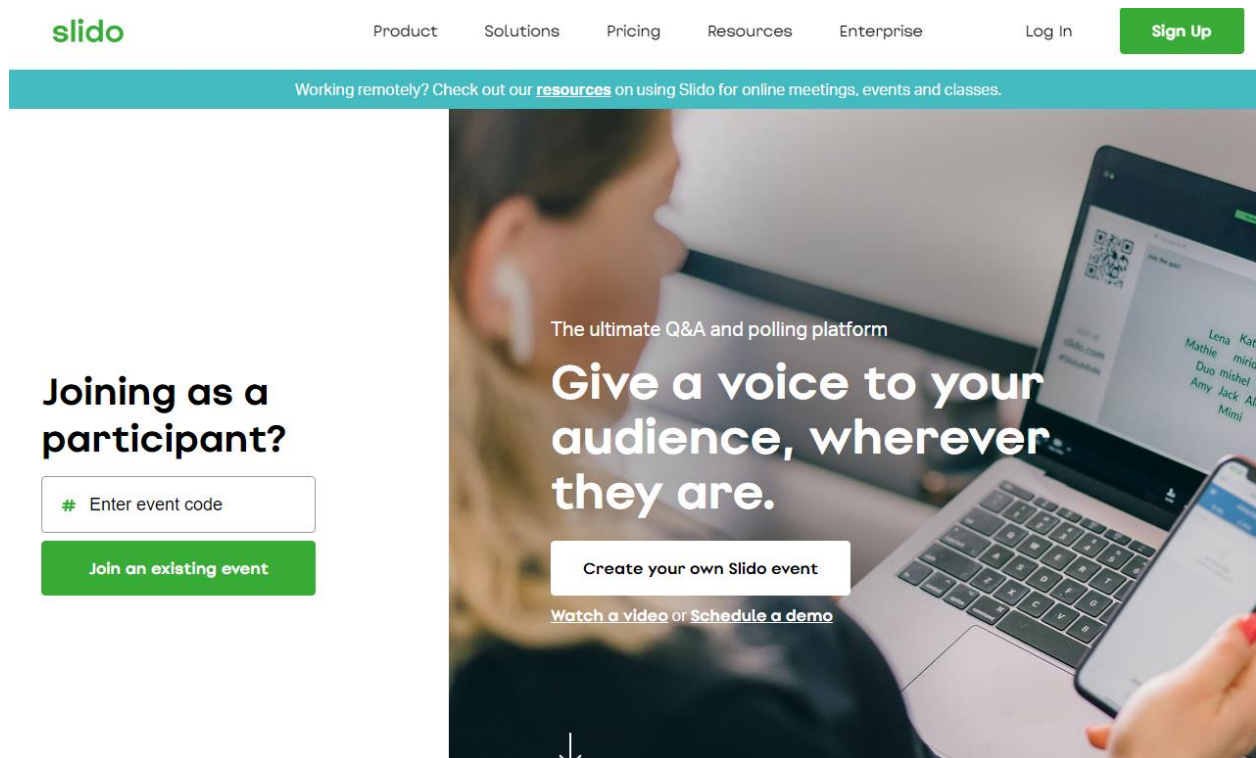

Voting Process:

You can use the online voting tool with any smart devices which can be connected to the internet (tablets, computers, and smartphones). An internet connection will also be necessary.

PLEASE NOTE: only those with voting rights can vote. Other participants are allowed to see the evolution of the vote.

Below you will find few steps you will need to fulfill for a proper vote:

- 1) Connect to the following website: <https://www.sli.do/>
- 2) In the tab “#Enter event code” (Picture below) you will have to write: **EGA2020**

The screenshot shows the Slido website homepage. At the top left is the Slido logo. To its right are navigation links: Product, Solutions, Pricing, Resources, Enterprise, and Log In. A green 'Sign Up' button is on the far right. Below the navigation is a teal banner with the text: 'Working remotely? Check out our [resources](#) on using Slido for online meetings, events and classes.' The main content area features a large image of a person using a laptop. Overlaid on the image is the text: 'The ultimate Q&A and polling platform Give a voice to your audience, wherever they are.' Below this text are two buttons: 'Create your own Slido event' and 'Join an existing event'. A search bar with the placeholder text '# Enter event code' is positioned above the 'Join an existing event' button. At the bottom of the image, there is a small white arrow pointing downwards.

- 3) The system will ask you for a username and a password:

Username: (Read Below)

Password: SHE

*** **Important** ***

The username is important for legal compliance and shall be composed as follows:

- Entity acronym
- Name of the Company or Association
- First and last name

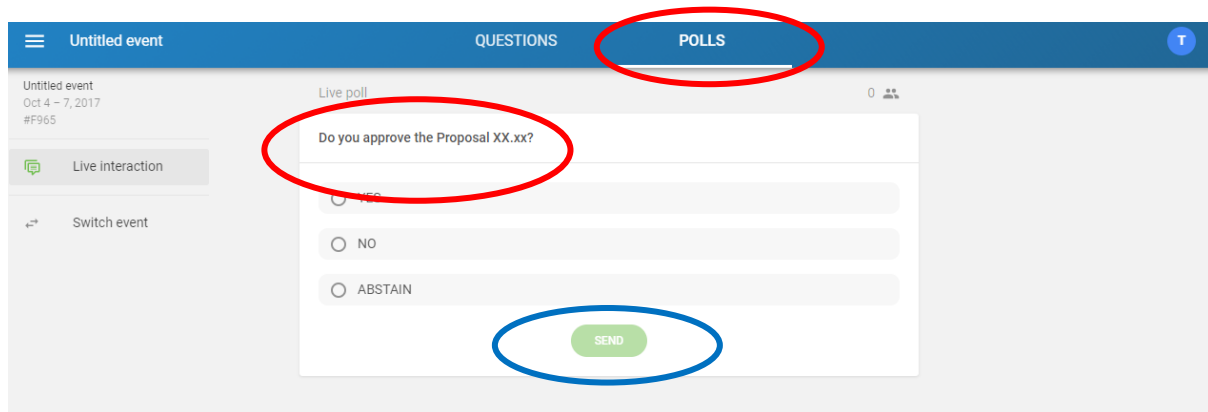

Prior to the name of your company or association, it will be needed to add the membership category as indicated below:

- Association = AS
- Industry = IN
- Service Provider = SP
- Support = SU

So, if you are representing an association named Solar Heat Europe and you are called Leopoldo Micò, it will be necessary to display your name as follows: **AS – Solar Heat Europe – Leopoldo Micò**.

To access the poll and vote, click on the polls tab. Then, it will be possible to choose on an answer and send it to the organisers.

PLEASE NOTE: Only one person per organisation can vote. Other representatives can watch the vote, as long as they login as “Other” (see before)

The screenshot shows a web interface for a live poll. At the top, there are three tabs: 'QUESTIONS', 'POLLS', and a user profile icon. The 'POLLS' tab is circled in red. Below the tabs, the poll question 'Do you approve the Proposal XX.xx?' is displayed and circled in red. Underneath the question are three radio button options: 'YES', 'NO', and 'ABSTAIN'. At the bottom of the poll form, there is a green 'SEND' button circled in blue. The interface also shows event details on the left side, including 'Untitled event', 'Oct 4 - 7, 2017', and '#F965'.

The first poll which will appear on your screen is a question which will allow Solar Heat Europe Secretariat to identify if the quorum of the meeting has been reached.
