“Myself and the rest of the CrimsonXT’s Automation team had the pleasure of attending the Retail Supply Chain & Logistics Expo in London where we got to connect with some outstanding people in the warehouse automation space. “Congrats to Noyes for your transformation award on Tuesday! Many thanks to Retail Supply Chain and Logistics for the opportunity to judge the award. A great event, and great to see the future of the sector.”

Keith Bright, Lead Shrinkage & Security Business Partner, Tesco - Judge

“It’s been eventful, we’ve spoken to quite a lot of people and generated quite a lot of leads and contacts. We also have the opportunity to build new connections that are interested in testing and trying the air services, so I think it’s been well worth it, it’s a very good way to describe it. Will definitely come back again, can’t wait to come back.”

“Retail Supply Chain & Logistics Expo has ended, and we would like to express our gratitude to every visitor who stopped by our stand and had a chat with our consultants.
